

Case based activities

There are four case-based activities on the HIVE which we would like you to complete by the end of the second week. The topics cover some of your learning outcomes, please discuss any parts that aren't clear with members of the medical team.

To access:

- Log in to the HIVE
- On the top yellow bar click on the 'find learning' tab
- This will bring up a search box on the right side of the page
- If you type in '4th year' or 'year 4 medical students', it will be the first module that comes up
- It is titled **Year 4 Medical Students**

One of these involves completing a TEP form and another a death certificate. We would suggest completing these whilst with the IPU or with the Hospital Palliative Care Team so you can talk through your completed forms with one of the medical team.

Rowcroft Hospice

Your inpatient unit, community and hospice@home sessions are all based at Rowcroft Hospice.

Parking

If you are driving to Rowcroft there are two carparks and should be ample parking, no permits required.

Walking

If you're walking from Torbay hospital there is a nice path that comes up to the back of the Rowcroft site instead of walking along the road. You can join the path either from the back of one of the carparks behind Horizon centre or from the Lowes Bridge entrance to the hospital site. Keep walking until you reach Shiphay lane, cross straight over here. The path starts going up a hill and reaches the top of the Rowcroft site. You will initially come across Rainbow House on your right, keep walking following the road and after a short downhill you will come to turn off on the right for the main hospice.

Lunch

Lunch is available from the kitchen, a range of things from hot meals, to jacket potatoes, sandwiches and paninis. You will need to order at the kitchen hatch by 10:30am each day and pay in cash when you order. Please ask one of us to show you where the hatch is. You are also welcome to bring your own.

Wifi

Connect to 'Wi-Fi Spark' hotspot through settings on your device

You will be prompted by your browser to enter your name, email address etc.

From there a link will be sent to the provided email address which needs to be verified within 10 mins

Once finalised that device should retain its connection for the next 60 days

Hospital Palliative Care Team at Torbay Hospital

Location

The hospital palliative care team is located on level 5 Hengrave House. The offices are accessed from the corridor between the main hospital reception and the Bayview restaurant, but close to the Bayview end. The sign indicating the doors off the corridor says 'Stairs to level 5, Clinical Psychology, Members Room'. Go upstairs and follow the corridor round to a door which requires ID card access, you will come into an area with two printers on the right, turn left down the corridor here and the palliative care offices are part way along.

Lunch

There is aroma café in the main entrance, Bayview restaurant and WHSmith which stocks M&S food.

Library

The library in the horizon centre has some of non-textbook books we have suggested.

If you cannot attend

Who to phone will vary depending on which team you are with on that day:

Inpatient unit – 01803 210828

Community Palliative Care Team – 01803 210811

Hospice at Home – 01803 210811
